# iv) Others

Any other types of conflicting relationships as indicated in the **Data Sheet.** 

# 4. Unfair Competitive Advantage

4.1 Fairness and transparency in the selection process require that the Consultants or their Affiliates competing for a specific assignment do not derive a competitive advantage from having provided consulting services related to the assignment in question. To that end, MESPT shall indicate in the **Data Sheet** and make available to all Consultants together with this RFP all information that would in that respect give such Consultant any unfair competitive advantage over competing Consultants.

# 5. Corrupt and Fraudulent Practices

5.1. Consultant firms or any of its members shall not be involved in corrupt, coercive, obstructive, collusive or fraudulent practice. Consultant firms or any of its members that are proven to have been involved in any of these practices shall be automatically disqualified and will not be awarded a contract.

#### 6. Collusive practices

## B. Preparation of Proposals

#### 8. General Considerations

8.1. In preparing the Proposal, the Consultant is expected to examine the RFP in detail. Material deficiencies in providing the information requested in the RFP may result in rejection of the Proposal.

## 9. Cost of Preparation of Proposal

9.1. The Consultant shall bear all costs associated with the preparation and submission of its Proposal, and MESPT shall not be responsible or liable for those costs, regardless of the conduct or outcome of the selection process. MESPT is not bound to accept any proposal and reserves the right to annul the selection process at any time prior to Contract award, without thereby incurring any liability to the Consultant.

#### 10. Language

10.1. The Proposal, as well as all correspondence and documents relating to the Proposal exchanged between the Consultant and MESPT shall be written in the English language.

#### II. Documents Comprising the Proposal

- 11.1. The Proposal shall comprise the documents and forms listed in the **Data Sheet**.
- 11.2. The Consultant shall furnish information on commissions, gratuities and fees, if any, paid or to be paid to agents or any other party relating to this Proposal and, if awarded, Contract execution, as requested in the Financial Proposal Submission Form.

## 12. Only One Proposal

- 12.1. The Consultant (including the individual members of any Joint Venture) shall submit only one Proposal, either in its own name or as part of a Joint Venture in another Proposal. If a Consultant, including any Joint Venture member, submits or participates in more than one proposal, all such proposals shall be disqualified and rejected. This does not, however, preclude Sub-consultant, or the Consultant's staff from participating as Key Experts and Non-Key Experts in more than one Proposal when circumstances justify and if stated in the **Data Sheet**.
- 12.2. Members of a joint venture may not also make an individual Proposal, be a subcontractor in a separate proposal or be part of another joint venture for the purposes of the same Contract.

## 13. Proposal Validity, Availability and Substitution of Key Experts

- 13.1. The **Data Sheet** indicates the period during which the Consultant's Proposal must remain valid after the Proposal submission deadline.
- 13.2. During this period, the Consultant shall maintain its original Proposal without any change, including the availability of the Key Experts, the proposed rates and the total price.
- 13.3. If it is established that any Key Expert nominated in the Consultant's Proposal was not available at the time of Proposal submission or was included in the Proposal without his/her confirmation, such Proposal shall be disqualified and rejected for further evaluation and may be blacklisted by MESPT.
- 13.4. MESPT will make its best effort to complete the negotiations within the proposal's validity period. However, should the need arise, MESPT may request, in writing, all Consultants who submitted Proposals prior to the submission deadline to extend the Proposals' validity.
- 13.5. If the Consultant agrees to extend the validity of its Proposal, it shall be done without any change in the original Proposal and with the confirmation of the availability of the Key Experts.
- 13.6. The Consultant has the right to refuse to extend the validity of its Proposal in which case such Proposal will not be further evaluated.
- 13.7. If any of the Key Experts become unavailable for the extended validity period, the Consultant shall provide a written adequate justification and evidence satisfactory to MESPT together with the substitution request. In such case, a replacement Key Expert shall have equal or better qualifications and experience than those of the originally proposed Key Expert. The technical evaluation score, however, will remain to be based on the evaluation of the CV of the original Key Expert.

- 13.8. If the Consultant fails to provide a substitute Key Expert with equal or better qualifications, or if the provided reasons for the replacement or justification are unacceptable to MESPT, such Proposal will be rejected.
- 13.9. The Consultant shall not subcontract the whole or part of the Services without reasonable justification and written approval of MESPT.

#### 14. Clarification and Amendment of RFP

- 14.1. The Consultant may request a clarification of any part of the RFP during the period indicated in the **Data Sheet** before the Proposals' submission deadline. Any request for clarification must be sent in writing, or by standard electronic means, to MESPT's address indicated in the **Data Sheet**. MESPT will respond in writing, or by standard electronic means, and will send written copies of the response (including an explanation of the query but without identifying its source) to all Consultants. Should MESPT deem it necessary to amend the RFP as a result of a clarification, it shall do so using the procedure described below:
  - a. At any time before the proposal submission deadline, MESPT may amend the RFP by issuing an amendment by standard electronic means. The amendment shall be sent to all invited Consultants and will be binding on them. The Consultants shall acknowledge receipt of all amendments in writing.

  - c. The Consultant may submit a modified Proposal or a modification to any part of it at any time prior to the proposal submission deadline. No modifications to the Technical or Financial Proposal shall be accepted after the deadline for submission.

#### 15. Preparation of Proposals-Specific Considerations

- 15.1. While preparing the Proposal, the Consultant must give particular attention to the following:
  - 15.1.1. If a Consultant considers that it may enhance its expertise for the assignment by associating with other consultants in the form of a Joint Venture or as Subconsultants, it may do as long as only one Proposal is submitted. A Consultant cannot associate with shortlisted Consultant(s). When associating with non-shortlisted/non-invited firms in the form of a joint venture or a subconsultancy, the shortlisted/invited Consultant shall be a lead member. If shortlisted/invited Consultant associates with each other, any of them can be a lead member.
  - 15.1.2. MESPT may indicate in the **Data Sheet** the estimated amount or Key Experts'

- time input (expressed in person-month), or MESPT's estimated total cost of the assignment, but not both. This estimate is indicative and the Proposal shall be based on the Consultant's own estimates for the same. This clause shall not apply when using Fixed Budget selection method.
- 15.1.3. For assignments under the Fixed-Budget selection method, the estimated Key Experts' time input shall not be disclosed. Total available budget, with an indication whether it is inclusive or exclusive of taxes, is given in the **Data**Sheet, and the Financial Proposal shall not exceed this budget.
- 15.1.4. Key Experts shall not appear in more than one proposal unless so allowed in the **Data Sheet**. Invited firms must confirm and ensure their Key experts do not appear in proposal of other invited firms, otherwise proposals with Key experts appearing in other proposals will be rejected.

- 16.1. The Technical Proposal shall be comprise the documents listed in the **Data Sheet**. The Technical Proposal shall not include any financial information. A Technical Proposal containing material financial information shall be declared non-responsive.
- 16.2. Consultant shall not propose alternative Key Experts. Only one CV shall be submitted for each Key Expert position. Failure to comply with this requirement will make the Proposal non-responsive.

#### 17. Financial Proposal

17.1. The Financial Proposal shall list all costs associated with the assignment, including (a) remuneration for Key Experts and Non-Key Experts, (b) reimbursable expenses indicated in the **Data Sheet**. #### a. Price Adjustment

17.2. For assignments with a duration exceeding 12 months, a price adjustment provision for foreign and/or local inflation for remuneration rates may apply if so, stated in the **Data Sheet.** 

#### b. Taxes

- 25.2. Time-Based Contracts-If a Time-Based contract form is included in the RFP, in case of discrepancy between (i) a partial amount(sub-total) and the total amount, or (ii)between the amount derived by multiplication of unit price with quantity and the total price, or (iii) between figures and words, the latter will prevail. In case of discrepancy between the Technical and Financial Proposals in indicating quantities of input, the Technical Proposal prevails and MESPT's evaluation committee shall correct the quantification indicated in the Financial Proposal so as to make it consistent with that indicated in the Technical Proposal, apply the relevant unit price included in the Financial Proposal to the corrected quantity, and correct the total Proposal cost.
- 25.3. Lump-Sum Contracts If a Lump-Sum contract form is included in the RFP, the Consultant is deemed to have included all prices in the Financial Proposal, so neither arithmetic corrections nor price adjustments shall be made. The total price, net of taxes specified in the Financial Proposal shall be considered as the offered price.

#### 26. Taxes

- 26.1. All taxes are deemed to be included in the Consultant's financial proposal as separate items, and, therefore, considered in the evaluation.
- 26.2. All local identifiable taxes levied on the contract in voices (such as sales tax, VAT, excise tax, or any similar taxes or levies) and income and withholding tax payable to Kenya on the remuneration of non-resident Experts for the services rendered in Kenya are dealt with in accordance with the instructions in the **Data Sheet**.

## 28. Abnormally Low Prices

- 28.1. An Abnormally Low Price is one where the financial price, in combination with other constituent elements of the proposal, appears unreasonably low to the extent that the price raises material concerns with MESPT as to the capability of the Consulting firm to perform the Contract for the offered price.
- 28.2. In the event of identification of a potentially Abnormally Low Price by the evaluation committee, MESPT shall seek written clarification from the firm, including a detailed price analyses of its price in relation to the subject matter of the contract, scope, delivery schedule, allocation of risk sand responsibilities and any other requirements of the RFP document.
- 28.3. After evaluation of the price analyses, if MESPT determines that the firm has failed to demonstrate its capability to perform the contract for the offered price, MESPT shall reject the firm's proposal.

# 29. Abnormally High Prices

- 29.1. An abnormally high price is one where the proposal price, in combination with other constituent elements of the proposal, appears unreasonably too high to the extent that MESPT is concerned that it (MESPT) may not be getting value for money or it may be paying too high a price for the contract compared with market prices or that genuine competition between Consultants is compromised.
- 29.2. In case of an abnormally high tender price, MESPT shall make a survey of the market prices, check if the estimated cost of the contract is correct, and review the RFP to check if the specifications, TOR, scope of work and conditions of contract are contributory to the abnormally high proposals. MESPT may also seek written clarification from the Consultants on the reason or the high proposal price. MESPT shall proceed as follows:
  - i) If the proposal price is abnormally high based on wrong estimated cost of the contract, MESPT may accept or not accept the proposal depending on MESPT's budget considerations.
  - ii) If specifications, TOR, scope of work and/or conditions of contract are contributory to the abnormally high proposal prices, MESPT shall reject all proposals and may re-invite for proposals for the contract based on revised estimates, specifications, TOR, scope of work and conditions of contract.
- 29.3. If MESPT determines that the Proposal Price is abnormally too high because genuine competition between Consultants is compromised (often due to collusion, corruption or

other manipulations), MESPT shall reject all Proposals and shall blacklist the firms that engaged in the vice.

## 30. Combined Quality and Cost Evaluation

# a. Quality and Cost Based Selection (QCBS) Method

30.1. In the case of Quality and Cost Based Selection (QCBS), the total score is calculated by weighting the technical and financial scores and adding them as per the formula and instructions in the **Data Sheet**. - 33.2. Notwithstanding the above, the substitution OF Key Experts at the negotiations may be considered if due solely to circumstances outside the reasonable control of and not foreseeable by the Consultant, including but not limited to death or medical in capacity. In such case, the Consultant shall offer a substitute Key Expert within the period of time specified in the letter of invitation to negotiate the Contract, who shall have equivalent or better qualifications and experience than the original candidate.

- 35.5. Where SSS method was used as indicated in the RFP, both the unit rates and total price shall be negotiated. If the negotiations fail, MESPT shall terminate the Consultant selection process. In that event, MESPT shall review the consultancy requirements and market conditions prior to deciding to use an appropriate selection method to again procure the consulting services.

# INDIVIDUAL CONSULTANCY CONSULTANCY TO UNDERTAKE TRAINING ON FINANCIAL LITERACY

## I. INTRODUCTION

Micro Enterprise Support Programme Trust (MESPT) is a development organization focused on enhancing, Agricultural Enterprise Development and Market linkages, Agricultural productivity and Food Safety, Financial Access and Inclusion and Green Transformation. MESPT interventions are through small holder farmers and Agricultural SMEs aimed at increasing productivity, incomes and enhancing competitiveness for decent job creation, especially among women and youth.

The engagement of private sector towards achievement of the desired results within focus thematic areas continues to be critical and calls for integrated support mechanisms. MESPT has taken this role to facilitate both forward and backward linkages and build sustainable partnership to sustainably support the eco-system. MESPT has a tripartite business model that entails working with;

- i. **MSMEs and Small holder farmers** MSMEs comprise Agri entrepreneurs that include small scale processors, aggregators, input providers, traders, off-takers, and exporters who we link to small holder farmers so that they can trade.
- ii. **MSMEs and Financial Services Providers** We link MSMEs to financial service providers that can lend them working capital and asset financing when in need to enhance their operations. We partner with the financial service providers by giving them affordable loans for onward lending as well offer them technical assistance and business advisory services.
- iii. **Smallholder Farmers and Financial Service Providers**-We are at the forefront to ensure that the small holder farmers are supported to increase their agricultural productivity and profitability, linked to viable markets for their produce and offered appropriate capacity development services.

Promotion of financial access and inclusion within Agricultural and Green Growth sectors is a critical strategic pillar. To support the financial access eco system, it is becoming increasingly important to mitigate opportunity for potential failure of businesses and/or break down of lender borrower relationship due to inadequacy of information. We note that increased financial access can be achieved where potential borrowers are fully aware of their responsibilities towards credit management prior and post disbursements. To further avoid the moral hazard of vicious cycle of debt trap, we strongly believe credit management awareness is critical.
